### Instructions for STUDENTS
Please Read & Fill Out Information Before Applying for a 490 Position

- Before applying for a 490 position, please contact the faculty member who you are interested in working with to see if they are accepting 490 applications.
- Please keep in mind that a 490 position is highly competitive and therefore you do not want to wait until the last minute to apply for a 490 position! The key is to apply early, ideally before the start of the semester!
- If you apply to more than one 490 position, you **must fill out a different 490 application for each professor** (for example, if you are applying to three 490 positions, then you will need to fill out three applications).
- Once you fill out an application, put the application in an envelope and place it in the faculty member’s mailbox (5030 Cherry St. Room 356).
- Please keep in mind that you can only enroll in one 490 section at a time each semester.
- After two weeks, if you have not heard back from faculty member, please send an email to him or her to check the status of your application.
